### Professional Profile:

Creative individual with an active interest in working with children. I have gained invaluable skills during my time in education which has led me to become someone with limitless qualities. Hardworking and thoroughly capable of working in various circumstances due to a seamless ability to adapt to new work environments. I have professional experience working with a variety of people which resulted in a good foundation for group communication and people skills. Above all, I am a very optimistic and friendly person, making it easy for me to build good rapport with young children. I am looking to further expand my skills and grow through a ESL Teaching job in South Korea.
