HRD Department

Dear Sir or Madam:

Having heard that the post of **Teacher** in www.eslagent.net is vacant as informed through Internet, I take a chance to get the situation which I believe that I am well-qualified enough to apply for the offered position.

I am twenty five years old who had graduated from Bachelor –with major: IT (minor: Teaching Multimedia for Kids) of a State University in Jakarta, Indonesia with Grade Point Average (GPA) = 3.00.

I am now living in Daejeon to accompany my husband who is still studying at KAIST until 2012 and I have a lot of free time to spend in such more contributive programs and activities as becoming a teacher in kindergartens or playgroups. I really do love the kids whoever they are and I have related experience in teaching first year of an elementary school students in Indonesia. I had also taken courses in both English and Korean, especially after I live in South Korea in which has carried me out to learn more how to interact with Korean people and their environments. Hence, I feel thoroughly competent enough to undertake both English and Korean correspondences and Computer Literate (Windows and Internet Application).

I hereby enclose the copy of my curriculum vitae attached relating to my character and proficiency in studies and job fields before.

This application induces me to look out for a kind of situation, in a related business established where I can increase my knowledge especially in circumstances attached with **Education and Teaching field**.

I should like to be considered as an applicant for the position above. And when I am appointed to the post, I assure you that I should try my best to give you satisfaction.

Yours faithfully,

Aida Fitriyani
