

Raymond M. Coleman

Gyeongbuk, Uiseong-gun, Uisoeng-eup, 707-3 Sky Mansion 805
South Korea 769-803

I am teaching now at Uiseong Elementary School in Uiseong, Gyeongsangbuk-do. My contract ends on July 30. I can get a letter of release for as early as July 23, if needed.

Objective

A position teaching middle, high school or students in South Korea. I plan to teach in Korea for several more years. My

Teaching, Korea 07/19/2008 - 7/30/2010

Currently teaching English for fourth, fifth and sixth graders at Uiseong Elementary in Gyeongsangbuk-do, South Korea. My contract expires July 30. I have prepared many lessons using my own worksheets, PowerPoints and games. I also have taught elementary through college-aged students for LIKE, Daegu.

Teaching, Florida 09/1998 - 05/2008

Substitute teaching in Palm Beach County: many short and long-term assignments: Suncoast High, Roosevelt Middle, Christa MacAuliffe Middle, Wellington Landings Middle, Woodlands Middle, Park Vista High, G-Star School, and others.

Interim and short-term regular teaching for middle school math at Loggers Run Middle School and one semester of science and intensive math at CARP/Kelly centers in the district's Alternative Education Department.

Substitute Teaching, California 01/1996 - 06/1998

From January 1996 to June 1998, worked as a substitute in San Jose and Santa Clara, California: subbed regular classes, advanced placement classes, ESOL classes composed of students from many different cultures, and classes at continuation (alternative) high schools. Long term assignments included one month teaching biology and six weeks for chemistry.

Education

University of California, Irvine - graduated with a B.S. in Biological Sciences, 1977.

Palm Beach Community College and Florida Atlantic University - Have twenty-one units toward the education courses requirement, including the graduate-level teaching methods course from FAU.

Trainings and Workshops

"2010 In-Service Training" January 7 ~ 11, 2010 at the National Institute for International Education, Seoul, sponsored by the Ministry of Education, Science and Technology and the Gyeongbuk Office of Education

"8 Kinds of Smart" (using Howard Gardner's Multiple Intelligences Theories in the classroom) led by Dr. Thomas Armstrong, PhD, and sponsored by the Palm Beach Literacy Coalition. October 23, 1999.

Other Preparations for Teaching

Continuously researching teaching methods, best practices and brain-based learning mostly by reading and consulting books such as *What Great Teachers Do Differently: Fourteen Things That Matter Most* by Todd Whitaker.

Computer Strengths

Computer literate. Experienced using Grade Quick. Experienced in using the Internet, programming in basic HTML (my site: <http://teachone.tripod.com/>). Also competent in Word, Power Point and creating animated graphics for Power Point. Wrote several Power Point presentations for physical science, biology, earth science, and anatomy & physiology. Some of these are available to download at: http://teachone.tripod.com/PPT_files/index.html
